# Screen Cassettes

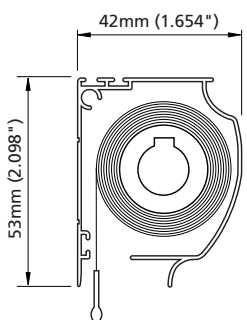

## Cassette Housing: 41mm

**OVERVIEW** The 41mm screen cassette features straight lines and a contemporary look.

**APPLICATIONS** Window Screens

**MODELS** Incognito<sup>1</sup> and Incognito<sup>2</sup> Window Screens

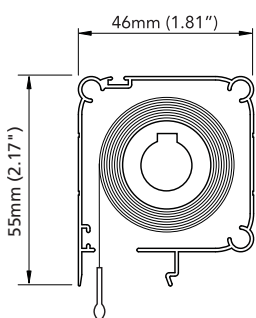

## Cassette Housing: 42mm

**OVERVIEW** The 42mm screen cassette features rounded, smooth edges for a soft appearance. Perfect for larger or taller doors, and windows.

**APPLICATIONS** Single Door, Double Door, and Window Screens

**MODELS** Milano, Sierra, Cascade

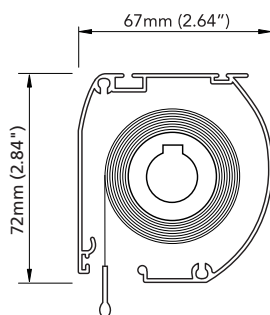

## Cassette Housing: 46mm

**OVERVIEW** The 46mm screen cassette is great for mid-sized vertical (pull-down) applications. It's a good choice for taller openings or for medium width use. Available with chain pull.

**APPLICATIONS** Porch area screens, gazebos, single car garage doors and mid-sized window screens.

**MODELS** Sierra 800

## Cassette Housing: 67mm

**OVERVIEW** The 67mm screen cassette features rounded, smooth edges for a soft appearance. This slightly larger cassette can accommodate larger amounts of screen and additional fabric types.

**APPLICATIONS** Medium to large openings such as porch areas, gazebos, garage doors and much more

**MODELS** Olympic Manual & Motorized

# Single Panel Door Screens

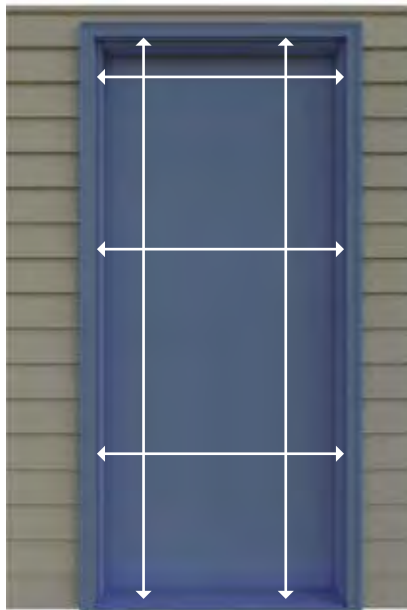

## MEASURING GUIDE

**Genius**  
Retractable Screen Systems

### MEASURING A TYPICAL HINGED DOOR FOR THE NET SCREEN OPENING DIMENSIONS

Determine the "NET SCREEN OPENING DIMENSION" (width x height) as measured from where the outside most edges of the retractable screen will rest. Screens are then made to fit these dimensions. Please note that there is a set of ordering instructions listed on either page 2 or 3 of the catalog page for each model. To speed the processing of a request please take care to answer each question when submitting written orders.

#### INSTALLATION TYPE

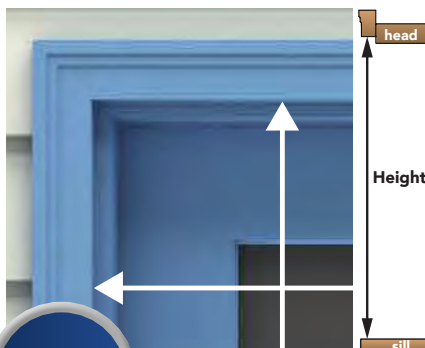

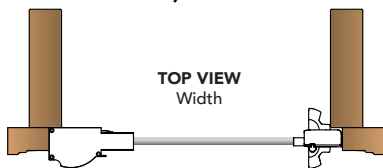

- ☐ **OPTION A** Inside the Frame  
☐ **OPTION B** Fully Inside the Frame  
☐ **OPTION C** Outside the Frame

#### RECORD MEASUREMENTS

W \_\_\_\_\_

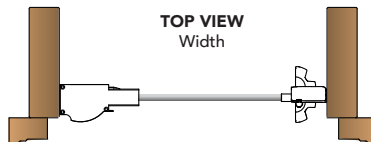

H \_\_\_\_\_

#### OPTION A (Recommended) INSIDE THE FRAME INSTALLATION (Recess Mounted) at the Brick Mold

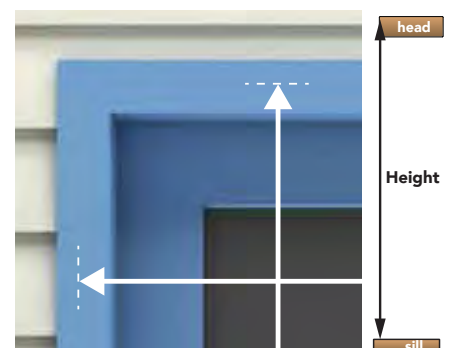

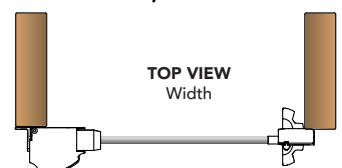

**MOST  
COMMON!**

#### OPTION B INSIDE THE FRAME INSTALLATION Fully Inside the Master Frame

#### OPTION C OUTSIDE THE FRAME INSTALLATION (Surface Mounted)

For sliding patio doors, terrace doors and other openings, please contact us for additional guidance.

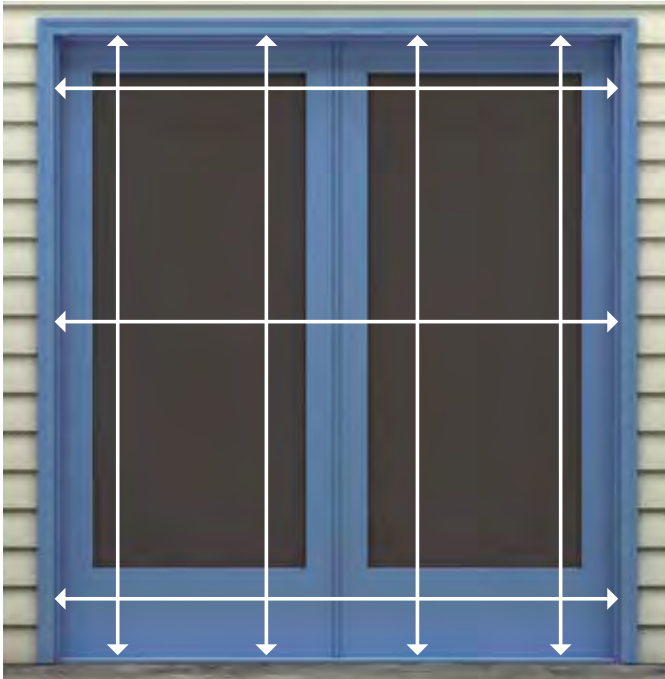

# Double Panel Door Screens

## MEASURING GUIDE

### MEASURING A TYPICAL HINGED DOUBLE DOOR FOR THE NET SCREEN OPENING DIMENSIONS

Determine the "NET SCREEN OPENING DIMENSION" (width x height) as measured from where the outside most edges of the retractable screen will rest. Screens are then made to fit these dimensions. Please note that there is a set of ordering instructions listed on either page 2 or 3 of the catalog page for each model. To speed the processing of a request please take care to answer each question when submitting written orders.

### ORDERING INSTRUCTIONS (Please Specify the Following):

- Quantity
- Product Model (GSH)
- Frame Color
- Net Screen Opening Size (Width x Height)
- Opening Style (see the opening configurations style chart on page 2)
- Options (specify any other desired options)

Note: The Sheer Classic Screen must be recess mounted.

If needed use the optional Surface Mount Kit (see page 4) or utilize other materials to allow for surface mounting the screen.

View and download the installation instructions at:

[www.BlaineDistribution/Retractable-Screens.com](http://www.BlaineDistribution/Retractable-Screens.com)

NOTE: Genius screens are designed to support natural ventilation and protection against air born insects and other pests. Windy conditions may affect the performance of the screen. Retract the screen in windy circumstances, during inclement weather and when not needed to support immediate ventilation or prolong periods of time when not used.

## MODEL: Sheer Classic

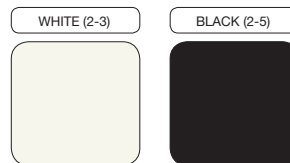

**SURFACE MOUNT KITS:** At Genius we have developed a Sheer Screen Surface Mount Kit that allows the option to install the Sheer Screen on the outside opening. The traditional, most common installation for this unit is a recess/inside mount sold as the standard option. The new Surface Mount Kit will allow the Sheer Screen to be installed in different applications that do not typically allow for a recess application (Patio, Terrace, Multi Panel French door, and other non traditional applications).

Depending on the application the Surface Mount Kit can be installed on one, two, three or all four sides of the opening. Once installed, the Surface Mount Kit will act as a frame where the Sheer Screen can be attached. Many applications do not need the Surface Mount Kit installed on all sides. Refer to Genius installation instructions publication 50-00074-0-0 or visit [www.BlaineDistribution/Retractable-Screens.com](http://www.BlaineDistribution/Retractable-Screens.com).

## SHIPPING & HANDLING POLICY

4-23-2013

Please be aware that sales of Genius products are made DDP Genius INCO2000 unless otherwise specified. Genius products are shipped by Parcel delivery (e.g. UPS, FedEx, Etc.) or by LTL. The specific method is determined wholly by Genius based upon factors such as product/order size, weight, etc. For a variety of logistic and other reasons Genius products are shipped prepaid to all customers. Genius does not offer 3rd party bill, collect, will-call or other arrangements.

Shipping and Handling charges are based upon logistics and the size of the order. LTL shipment may require a pallet(s) and in these instances an \$85.00 per pallet charge will be added to the invoice. For more shipping and handling information please refer to your Genius catalog and the published rate charts. We recommend that you include as many items as needed on a single purchase order since Genius cannot combine multiple orders for a single shipment. Once an order is received it will process quickly. Please promptly review all confirmations since orders may not be canceled or altered after 12 hours of being posted.

On occasion a Genius customer will ask to have product sent to an alternate ship-to address. Genius will make these accommodations however all fees will be the responsibility of the customer. If the shipment exceeds 100" in length and the destination is a residential or, other location that does not feature a storefront or, maintain normal business hours, a Special or Residential Delivery Fee will apply. The fee varies based on the freight carrier and the weight of the delivery and when applicable this charge will be assessed via a supplemental billing. When you are aware of such situations we ask that you include a notation "Special or Residential Delivery" as a line item on your actual purchase order along with any shipping instructions. If a shipment is undeliverable during normal business hours then the customer is responsible for all re-routing fees and all other charges.

On occasion we also receive requests to have an LTL carrier provide a "Call Before Delivery" notification. LTL carriers charge for this and Genius does bill \$40.00 for this service.

If you encounter a delivery that has damage, defects or missing items, please follow the instructions on the Damage-Defect-Missing Item form. This form is located within your Genius catalog and once completed should be submitted to Blaine Distribution at [Info@BlaineDistribution.com](mailto:Info@BlaineDistribution.com) or by fax to 301-791-6982. We will help to guide you in the process to a resolution.

Thank you for your continued business and support of Blaine Distribution and our products.

Genius Retractable Screen Systems engineers and produces a variety of high quality retractable screen systems to meet the needs of demanding markets worldwide. Within the limits set forth herein Genius is proud to warranty products to be free from manufacturing defects.

The following limited lifetime warranty applies to the original purchaser of owner occupied homes and covers mechanical components excluding screen fabrics or cables. Electronic components are warranted for one year. Upon receipt of written notice and proof of purchase, Genius shall have the option to request further information such as photos. Genius shall also have the option to take possession of a defective product or otherwise instruct the buyer. If a warranty claim is approved then Genius will provide replacement components to the buyer, or, at Genius' choosing, return the original sale value to the Buyer. This warranty does not cover shipping, transportation, removal, labor or any other service or cost. Please note that Genius screens are designed to support natural ventilation and protection against air born insects and other pests. Windy conditions may affect the performance of the screen. Retract the screen in windy circumstances, during inclement weather and when not needed to support immediate ventilation or prolong periods of time when not used.

Except as otherwise specifically set forth herein, Genius makes no representation or warranty, expressed or implied, statutory or otherwise. All implied warranties, including those of merchantability or fitness for use are hereby disclaimed. In particular Genius makes no warranty whatsoever that the product will comply with pertinent national, state and local health and safety laws, including but not limited to U.S. Federal Occupational Safety and Health Act and the regulations, rules and orders issued pursuant to any such laws. This warranty supersedes and excludes any other products warranties and may on occasion be modified, changed or replaced without notice. Liability for loss and damages both incidental and consequential, special economic losses or lost profit, or expense or for any failure to perform or delay to perform. In any case, Genius's maximum liability shall not exceed the contract price of the product claimed to be defective.

The following are limitations and exclusions from the warranty:

- If usage, adaptation or installation are not in accordance with Genius installation and operating instructions.
- If products are stored improperly, damaged (through no fault of Genius), or modified without Genius's written consent.
- If Genius's written instructions are not properly applied by the buyer or end user.
- If Genius's products have been used to perform functions they were not designed to perform.
- Product failure, shrinkage or color change caused fully or in part by rust, corrosion, abuse or misuse or extreme exposure to sun, heat or wind.
- Certain coastal applications.

The following information is necessary to process any warranty:

**Registration Number**

**Proof of Purchase**

11 If your mailing address is different than above, please indicate below.

STREET \_\_\_\_\_

CITY \_\_\_\_\_ STATE \_\_\_\_\_ ZIP \_\_\_\_\_

Once you have completed this form, send the form along with the pictures of the screen and a copy of your proof of purchase to:

GENIUS

ATTN: WARRANTY CLAIMS DEPT.

P.O. Box 818

Brookings, SD 57006

or via eMail to: [orders@genius-screens.com](mailto:orders@genius-screens.com)

Once we review this information, we will then contact you in regards to the status of your claim. The information provided will help us determine your warranty situation in as timely a manner as possible. Please do not dispose of the screen or its components until your warranty claim is settled. Warranty applies to the original owner only and Proof of Purchase is needed. Please see the Genius warranty for further details. Warranty does not cover shipping, transportation, removal, labor, re-installation or any other service or cost.
